

ENVIRONMENTAL POLICY

Circle Control & Design Systems commits itself to and endorses the need to protect the environment.

Circle Control & Design Systems also acknowledge and accept its responsibility to conduct its business in compliance with applicable environmental laws and regulations.

To accomplish the foregoing, Top Management has the responsibility to:-

1. Establish an internal review procedure to identify environmental impacts of all functions within the organisation and to assess levels of compliance with applicable laws and regulations pertaining to the environment.
2. Develop a program aimed at safe-guarding the quality of the environment and achieving compliance.
3. Establish and maintain appropriate training programmes designed to make every employee competent to carry out his or her responsibilities with respect to this policy.
4. Report annually on regulatory compliance, issues and improvements.

Circle Control & Design Systems has a vital interest in ensuring a clean, healthy environment.

Circle Control & Design Systems also relies on a healthy environment so that you, the customer, can enjoy the standard of living and healthy lifestyle that means so much to us today.

As technology advances and regulations change, Circle Control & Design Systems will continue to improve systems, reduce waste and efficiently utilise resources to meet the environmental challenges of the next century.

Circle Control & Design Systems will make available to interested parties, its environmental programme and its environmental control activities.
